DETAILED ACTION

Allowable Subject Matter

1. Claims 1-39 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to appreciate the advantage offered by electron beam system using multiple electron beams with the following distinctive features such as set by all of the independent claims. In particular, the art of record fails to teach or fairly suggest constructing a multiple electron guns positioned within an intermediate vacuum chamber, wherein each of the multiple electron gun positioned within an electron gun chambers to include a gun chamber vacuum isolation valve for vacuum isolating the gun chamber so that the intermediate chamber can be opened to replace the electron gun chamber without exposing the interior of the remaining electron gun chamber to air, and a gun lens first element that is separate from the emitter, suppressor, and extractor element and is maintained at approximately the same potential as the extractor possesses all of the distinctive features such as defined by independent claims 1, 6, 9, 20, 25, 36, 37, 38 and 39 to provide the gun chambers can be removed and replaced individually and the electron beam system can be put immediately back into production, without delay of conditioning the new electron gun in the system.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Art Unit: 2821
